Devon, this is CRW's set of responses to the questions and requests posted in the DOJ/EPA/PADEP redline of the consent decree modification document. We thought about doing this as a revised markup, but given the details provided, and the attachments that would have to be referenced, we figured that a markup would get pretty unwieldy. So instead, we generated a separate document, which references each section of the decree where you all raised a comment or question, and then provides our specific response to that comment or question, with references to relevant documents. We hope that this provides a convenient format for our further discussions.

In terms of the documents referenced in the responses, our contact, who will do the uploading, is Claire Maulhardt, and her e-mail is [claire.maulhardt@capitalregionwater.com](mailto:claire.maulhardt@capitalregionwater.com). Once you let her know that the folder has been set up, she will start uploading the documents. If you have any questions regarding the attached responses, of course, just let me know. We will look forward to talking with you and the other members of the DOJ/EPA/PADEP team on the 24<sup>th</sup>. Thanks.
